# ULTRASHIELD®

## Technology

We believe sustainability and recycled materials are essential for the future of our environment—right down to the products used in your backyard or outdoor space. That's exactly why, at **NewTechWood**, we help you make green design choices through our recycled composite decking and other products made from recycled materials.

Transform your spaces with **UltraShield®**: The ultimate blend of durability, innovation, and style. Engineered with a capped wood plastic composite, this advanced cladding solution delivers exceptional toughness and longevity.

### UltraShield® technology

#### CO-EXTRUDED CAP

Impenetrable layer that can withstand staining, fading, scratching, cupping, swelling, mold and mildew.

#### COMPOSITE CORE

High-quality recycled materials with dense hardwood and softwood fibers provide the product with impressive strength and durability.

UV Protection

Stain Resistance

Dual Surface

Environmentally Friendly

25 Year Warranty

Low Maintenance

Multichromatic Color

Fade Resistance

Years of dedicated engineering and extensive field testing have created a product that excels in both performance and aesthetics.

**UltraShield®**: Designed for unmatched durability and long-lasting beauty, **UltraShield®** provides superior protection against scratches, stains, and fading.

# SIDING

UltraShield Technology 

## NewTechWood Siding products provide superior Performance and Timeless Design

Elevate your exterior wall cladding with **NewTechWood's** innovative siding products, designed with cutting-edge **UltraShield®** technology for unmatched protection and longevity. These composite boards are engineered to resist fading, staining, mold, and pests, offering a low-maintenance solution with lasting beauty.

Choose from five versatile and stylish options — the All-Weather System, European, Shadowline, Noir, and Board & Batten styles — each combining aesthetic sophistication with exceptional durability.

Transform your home's exterior with **NewTechWood's** sustainable siding solutions, where innovation meets enduring quality.
